

Dear Parents,

The PS58 community is an active one with lots of events, messages, initiatives, volunteer opportunities, and activities. To help keep everyone informed in the most effective way possible, we have been using a new communications platform called Konstella.

By registering for Konstella, you will stay up-to-date with classroom, school, and PTA activities and information.

- It provides a single location for your child's/children's activities, including **class announcements**, parties, field trips, **school events**, and **sign-ups**.
- Your personalized **calendar** in Konstella automatically includes all upcoming activities and deadlines for your child's class. This calendar can be synced to your own.
- Parents can **communicate** with **Teachers** as well as **other parents** about various topics via a message board.
- Parents can easily find **volunteer opportunities** and join PTA committees in one click!

**Privacy notice: You can control your privacy settings within the tool, so you decide what you would like to share with the parents. Your information will not be accessible to third parties. While we hope you will join Konstella to take advantage of its classroom and school-wide communication features, it is not mandatory to join. You will still receive announcements and be able to participate in school and classroom activities even without creating a Konstella account.*
