# Summer Greetings to all PS 58 Families!

We are excited to announce the fall classes and are looking forward to seeing everyone in September! You will see old favorites along with some exciting new additions. General registration will take place on Monday, August 15 beginning at 10:00am. The registration site is <http://www.ps58brooklyn.org/afterschool/registration/>. Classes begin on Monday, September 19 and end on Friday, December 16, a period of 10 to 11 classes, depending on the day of the week.

Carroll Kids is YOUR afterschool program. We are run by the PTA of PS 58, and we try to serve the many needs of our families by providing high-quality enrichment classes and aftercare programming. We serve as many as three-quarters of the school population! Our program also provides recess counselors to help facilitate games and fun for all grades during the school day.

Students enrolled in enrichment classes are dismissed directly from their classrooms to Carroll Kids (which is why it is critical that you update your students' classroom information in Sawyer as soon as it's available). All enrichment classes begin with a healthy snack and then students transition to their various classroom spaces throughout the school. Most classes run for 90 minutes ending at 4:10 pm. A few classes have multiple sessions like Hip Hop, Guitar, Piano & Tennis. More detail can be found in the following class descriptions. We do have the option for enrichment class students to also enroll in Carroll Kids "late partial" aftercare if families need coverage until last pick-up at 6:30pm. Details on this concurrent program are available on <https://www.ps58brooklyn.org/afterschool/carroll-kids/>. Registration for aftercare will take place on Monday, August 22 at 10:00am.

As many of you know, some of our most popular classes fill up in the first minute after registration opens. However, we are offering more than 70 classes this fall so everyone can find a class that fits his/her interests and schedules. Class pricing is based on instructors' fees and the number of times it's offered in a session and then marked up to cover the costs of administration and affording a small grant to the PTA. Many of our classes are taught by PS 58 staff, and these classes are among our most popular as well as affordable. Other classes are taught by outside vendors and can be more expensive but allow us to offer a wider variety of classes. Financial aid is available to eligible families. More details can be found on the website.

Thank you!

# Registration Tips

Afterschool Registration Website: <http://www.ps58brooklyn.org/afterschool/registration/>

1. We use Sawyer for our online registration software. Please make sure to go online in advance of enrichment class registration and create an account for your family. There is an annual per family fee of \$25 which must be paid prior to class registrations. This only needs to be purchased once per school year per family.
2. Check your login email and password in advance of the start of registration. Take the time to reset your password if necessary.
3. If you are interested in a class that you think might fill up quickly, put that class in your cart right away! When you add a class to your cart, your spot is held for up to 10 minutes. During that time, no one else can take that spot. However, if you remove it from your cart or if it is removed automatically after 10 minutes, the spot is again opened to anyone who adds it to their cart. Please be sure to purchase before your 10 minute window closes.
4. If a class is full, join the waitlist. Spots may open up. We will add you from the waiting list. If you don't want the spot, just let us know, and we can refund you and move on to the next person on the list. If you don't get a spot this session, you will get priority to register for the next session if the class is offered again.
5. Please check to ensure that your child(ren)'s grade, classroom, medical info and pick up info are correct. (Classroom info may not be available by August 16th in which case we will eliminate that field until such information has been shared.)

# EzraGuitar:

Established in 2008, EzraGuitar is a guitar program designed to give kids the opportunity to study with some of the greatest classical guitarists of this generation, while using a method of learning designed especially for them. Our group classes are the core of the EzraGuitar method. These classes are built on the philosophy of Maoz Ezra, that music should be taught in the "language of children" and tailored to their natural abilities. By studying with this method and philosophy, it is our goal that children will connect to music making in a natural and organic way. Through creative games and ensemble work, children will leave each lesson with a sense of accomplishment and musical knowledge that will remain with them as a foundation for any future musical endeavors.

## EzraGuitar Kids Group Guitar Lessons (Grades K-5)

- We teach small group lessons for children in grades K- 5 (kids are grouped according to age & level, the course is cumulative.)
- Melody & Rhythm: through a mix of repertoire including, classical, folk, children's songs, rock, jazz, contemporary and original compositions, students will learn to play music, not only exercises.
- Reading music: Through our unique method children will learn to recognize, know and master the notes in a range of four octaves.
- Ensemble work: From the beginning children will be learning to play in an ensemble. This group work puts emphasis on listening with sensitivity and working together.
- Performance: At the end of each session, students will perform in a concert. Performance is a major part of studying music, it teaches the student about building self confidence and the joy of sharing music.

Teachers: Classes are taught by the world class faculty of EzraGuitar!

**Class fee:** \$1055 (full-year tuition for 29 lessons). Classes on Thursdays. 1st Session: 3:00pm to 3:40pm; 2nd Session: 3:45pm to 4:25pm; 3rd Session: 4:30pm to 5:10pm. Grades K, 1, 2, 3, 4, 5. If you need coverage AFTER the class, we offer the option of “Late Partial” care, for an additional fee.

## Enrichment Class Policies

### Registration Fee

There is an annual non-refundable registration fee of \$25 per family, which covers your child for the entire school year (including camps) or any portion thereof. This is an administrative fee for the Carroll Kids Enrichment Classes to cover the cost of our software program. It does not cover, nor can it be applied to, the program fee. This is a one-time yearly fee per family and covers all enrollments including enrichment classes, music program and aftercare.

### Refund Policy

Please see the third page of this guide for full details.

### Payment Policy

Registration will require full payment via Visa, MasterCard, or American Express. Exceptions include full-year classes (Piano and Guitar) for which a payment plan is available when you register online.

### Outstanding Balance Policy

Accounts with balances in excess of \$200 for more than 90 days will be suspended. This means your child will not be able to enroll in future Enrichment Classes or Aftercare until your account is paid in full.

### Financial Aid

Financial aid is available, and all applications are confidential. Please submit your completed application with required documentation as soon as possible. To apply, please fill out [this form](#).

### Class Minimum & Wait Lists

Classes must reach a minimum of six students to run. The determination about whether the class will run will be made the first week of the session. In the event that a class is canceled due to low enrollment, students may receive a credit toward a spot in a class with space or receive a full refund. If a class fills and goes to a waitlist, students on the waitlist will be registered automatically should a spot become available. You are not obligated to take the spot and a refund will be given if you don’t accept the spot. The software system maintains a list of students in the order in which the registration was received.
