Hello to all PS 58 Families!

Happy spring! General registration will take place on Monday, March 13 beginning at 10:00am. The registration site is <http://www.ps58brooklyn.org/afterschool/registration/>. Classes begin on Monday, April 17 and end on Friday, June 16, a period of 7 to 9 classes, depending on the day of the week.

Carroll Kids is YOUR afterschool program. We are run by the PTA of PS 58, and we try to serve the many needs and wants of our families by providing high-quality enrichment classes and aftercare programming. We serve as many as three-quarters of the school population! Our program also provides recess counselors to help facilitate games and fun for all grades during the school day.

Carroll Kids enrichment classes run in three sessions: Fall, Winter & Spring. Spring class registration will open on Monday, March 13. We take a one-week break between sessions to allow for make-up classes. If you need childcare coverage during this interval, just let us know! We can arrange for “drop ins” with our aftercare program.

Students enrolled in enrichment classes are dismissed directly from their classrooms to Carroll Kids care (which is why it is critical that you update your students’ classroom information in Sawyer). All enrichment classes begin with a snack and then students transition to their various spaces throughout the school. Most classes run for 90 minutes ending at 4:10 pm. (Exceptions can be found in the following class descriptions.) We do have the option for enrichment class students to also enroll in Carroll Kids “LATE” aftercare sessions following their class. Details on this concurrent program are available at <http://www.ps58brooklyn.org/>; registration for aftercare will open on Monday, March 20.

As many of you know, some of our most popular classes fill up instantly after registration opens. But keep in mind that we are offering more than 70 classes this spring so everyone can find a class that fits his/her interests and schedule. Pricing is based on instructors’ fees and the number of days a class is offered in a session, and then marked up a small percentage to cover the costs of administration and small grant to the PTA. Many of our classes are taught by PS58 staff, and these classes are among our most popular and affordable. Other classes are taught by outside vendors and can be more expensive but allow us to offer a wide variety. Financial aid is available to eligible families. More details can be found on the [website](#).

Thank you!

Registration Tips

Afterschool Registration Website: <http://www.ps58brooklyn.org/afterschool/registration/>

1. We use Sawyer for our online registration software. Please make sure to go online in advance of enrichment class registration to create an account for your family. There is an annual per family fee of \$25 which must be paid prior to class registrations. This only needs to be purchased once per school year per family.
2. Check your login email and password in advance of registration. Take the time to reset your password if necessary.
3. Once registration opens, if you are interested in a class that you think might fill up quickly, put that class in your cart right away! When you add a class to your cart, your spot is held for up to 10 minutes. During that time, no one else can take that spot. But if you remove it from your cart or if you take more than 10 minutes to check out, the spot will re-open to anyone who adds it to their cart. Please be sure to purchase before your 10-minute window closes.
4. If a class is full, join the waitlist. Spots often open up. When that happens you will automatically be entered from the waiting list, but you're not obliged to take it. If you don't want the spot, just let us know, and we can refund you and move on to the next person on the list. If you don't get a spot this session, you will get priority to register for the next session, provided the class is offered again.
5. Please check to ensure that your child(ren)'s grade, classroom, medical info and pick up info are correct in your Sawyer account.

In the event that a class is canceled due to low enrollment, students may receive a credit toward a spot in a class with space or receive a full refund. If a class fills and goes to a waitlist, students on the waitlist will be registered automatically should a spot become available. You are not obligated to take the spot and a refund will be given if you don't accept the spot. The software system maintains a list of students in the order in which the registration was received.
