# Hello to all PS 58 Families!

Happy spring! General registration will take place on **Monday, March 18** beginning at 10:00am. The registration site is <http://www.ps58brooklyn.org/afterschool/registration/>. Classes begin on Wednesday, May 1 and end on Friday, June 14, a period of 5 to 7 classes, depending on the day of the week.

Carroll Kids is YOUR afterschool program. We are run under the auspices of the PS 58 PTA, and we try to serve all the needs and wants of our families by providing high-quality enrichment classes and aftercare programming. We reach as many as three-quarters of the school population! Our program also provides recess counselors to help facilitate games and fun for all grades during the school day.

Carroll Kids enrichment classes run in three sessions: Fall, Winter & Spring. We take a one-week break between sessions to allow for make-up classes. If you need childcare coverage during this interval, just let us know!

Students enrolled in enrichment classes are dismissed directly from their classrooms to Carroll Kids care (which is why it is critical that you update your students' classroom information in Sawyer). All enrichment classes begin with a snack and then students transition to their various spaces throughout the school. Most classes run for 90 minutes ending at 4:00 pm. (Exceptions are called out in the class descriptions.) We do have the option for enrichment class students to also enroll in Carroll Kids "LATE" aftercare following their class. Details on this concurrent program are available at [Carroll Kids Aftercare/](#); registration for aftercare will open on **Monday, March 25**.

As many of you know, some of our most popular classes fill up instantly once registration opens. But keep in mind that we are offering more than 60 classes this spring so everyone can find a class that fits his/her interests and schedule. Pricing is based on instructors' fees and the number of days a class is offered in a session, and then marked up a small percentage to cover the costs of administration and small grant to the PTA. Many of our classes are taught by PS58 staff, and these classes are among our most popular and affordable. Other classes are taught by outside vendors and can be more expensive but allow us to offer a wider variety. Financial aid is available to eligible families. More details can be found on the [website](#).

Thank you!

# Registration Tips

Afterschool Registration Website: <http://www.ps58brooklyn.org/afterschool/registration/>

1. Please only have one person from your family register. Some families are using multiple devices and people to access the registration site. We need to slow down the traffic to ensure a better experience for everyone. Please be patient and don't refresh constantly. Add your child to waiting lists if you don't get a spot right away. There is usually movement from the waitlist the very first day!

2. We use Sawyer for our online registration software. Please make sure to go online in advance of enrichment class registration to create an account for your family. There is an annual per family fee of \$25 which must be paid prior to class registrations. This only needs to be purchased once per school year per family.

3. Check your login email and password in advance of registration. Take the time to reset your password if necessary.

**4. Please only use one Sawyer account to register your family. It creates ongoing problems for us if students have more than one account.**

5. Once registration opens, if you are interested in a class that you think might fill up quickly, put that class in your cart right away! When you add a class to your cart, your spot is held for up to 10 minutes. During that time, no one else can take that spot. But if you remove it from your cart or if you take more than 10 minutes to check out, the spot will re-open to anyone who adds it to their cart. Please be sure to purchase before your 10-minute window closes. The clock starts from the minute you add the first class to the cart.

6. If a class is full, join the waitlist. Spots often open up. When that happens you will automatically be entered from the waiting list, but you're not obliged to take it. If you don't want the spot, just let us know, and we can refund you and move on to the next person on the list. If you don't get a spot this session, you will get priority to register for the next session, provided the class is offered again.

7. Please don't sign up for multiple classes on one day with the intention of dropping them after you make up your mind. Let's be kind and make sure everyone has fair access.

**8. Please check to ensure that your child(ren)'s grade, classroom, medical info and pick up info are correct in your Sawyer account.**

9. Please check your schedule using the Sawyer calendar when you are done with registration. It's the best way to confirm your class and aftercare registrations. You can find it by [clicking here](#).

# Drop & Refund Policy

March 11 - 31:

Families may drop a class for a refund minus a \$25 fee by emailing a request to [cpravda@ps58pta.org](mailto:cpravda@ps58pta.org).

April 1 - April 30:

Families may drop a class for a refund minus a \$100 fee by emailing a request to [cpravda@ps58pta.org](mailto:cpravda@ps58pta.org). We charge a higher fee as classes become much harder to fill so please consider your schedule carefully during the enrichment process.

May 1 - 8:

Families may drop a class for a refund of 50% of the class fee by emailing a request to [cpravda@ps58pta.org](mailto:cpravda@ps58pta.org).

From May 9 forward:

No refunds or credits will be given for dropped classes.

We are firm on our refund policies to make sure everyone has a fair shot at a class spot. Classes are very hard to fill after the first week of registration. Signing up for multiple classes on the same day with the intention to drop them takes spots from fellow families. **Please be considerate!**

### **Italian for Beginners**

Ciao! Are you ready to travel to Italy with an experienced native Italian educator? We welcome everyone grades 2-5 to join in, beginners and native speakers alike. Children will learn Italian through discovering art, culture, music, places, and local traditions. Our afternoons are filled with a variety of fun activities, creative projects, and unique language games. Each lesson is different and is inspired by books written by Italian authors, famous artworks, role-playing, and storytelling. We laugh a lot and have a good time together! Teacher: Serena Scoccimarro/Casetta Ida. Grades 2/3/4/5. Class fee: \$300.

## **Kung Fu**

Are you looking for a martial art that emphasizes discipline, self-improvement, and has a rich history? Look no further than Wu GongTao Kung Fu. It is a traditional Chinese martial art that has been practiced for centuries and is designed to develop both physical and mental strength. Our experienced instructor will teach your child the fundamental techniques of Wu Gong Tao Kung Fu, from kicks to punches to blocks, in a supportive and respectful environment. In addition to learning self-defense skills, your child will also develop discipline, focus, and self-awareness through our practice of forms, or sequences of movements. The history and philosophy of Wu Gong Tao Kung Fu will also be explored, providing a deeper understanding of this ancient martial art. In our class, we believe that self-improvement is a key component of the practice. I will work with your child to set goals and develop the skills needed to achieve them, helping them build confidence and a sense of accomplishment.

Note: First session: Grades K/1. Second session: Grades 1/2. Third session: Grades 3/4/5. (1st Session: 2:45pm - 3:35pm; 2nd Session: 3:45pm - 4:35pm; 3rd Session: 4:40 - 5:30pm). Children in the later sessions may attend free "Bridge the Gap" care until their classes begin.

Teacher: Derrick Whitlow II. Grades: K - 5. Class fee: \$180.

## **Magic Arts for Grades K/1/2**

Brooklyn Magic Shop Magic Arts Program is designed to inspire and grow our young magicians' magical interests. Magic students will explore and learn age-appropriate fun magical prop making, character development, improvisation, performance, acting, and the importance of using the imagination. Magic students will learn important foundations in close-up magic using everyday objects, cards, and magical props, as well as how to use misdirection with sleight-of-hand. Students will be able to confidently perform magic routines using all of the concepts learned, and at the end of the sessions, they will take the stage for their very own optional student magic showcase. The magical arts program is great for students who want to explore the art of magic or want to continue to grow and foster their current skills and interests. The magic learned is different for each series of classes, so students who continue with the magic program are able to learn new magic. All props are included, and students take them home at the end of each series of classes.

Teacher: Brooklyn Magic Shop/Daniel Morales. Grades: K/1/2. Class fee: \$335.

## **Ninja Parkour for Grades K - 5**

Kids learn the basics of parkour, including rolling, jumping & vaulting. The class program is focused on developing strength, agility, balance, conditioning and confidence in children of all levels. ### **Playmaking for Grades 3, 4 & 5**

This class will be a beginner's deep-dive into the world of playwriting! Student-artists will create their own original characters in the form of Character Profiles. They will then be introduced to the fundamentals of play structure in the form of want, conflict and resolution. From there, each participant will write their own original short play. This class will culminate in a presentation of these plays in which students will be paired up and read all of their plays aloud for a live audience!

Teacher: Molly Carden. Grades: 3/4/5. Class fee: \$220.

### **★Roblox Design for Gr 1, 2 & 3**

Roblox enthusiasts will plan and prepare their next creation off the screen, with weekly prompts for characters, buildings and structures using tactile tools including sketch pads, drawing materials and Lego kits to develop their next digital design.

Teacher: Curated Care. Grades: 1/2/3. Class fee: \$230.

### **Robot Inventors with the Robot Foundry for Grades 3, 4, & 5**

Robot Inventors is an advanced version of our signature after school class. It's great for new builders, as well as those seeking a more open-ended robot-building experience. A new project will be introduced each week, as part of the overall theme. This is considered an inquiry-based class, with ample space for experimentation. Students may choose to stick with the week's scripted project, or they can take their own path, taking a hand at turning their ideas into a reality. At the start of each class, students will be introduced to components and engineering concepts, and they'll review all the parts in their individual RoboKits. Our amazing teachers will then guide the students through building their own super cool robots.

Teacher: Brooklyn Robot Foundry. Grades: 3/4/5. Class fee: \$295.

### **Splat Lab**

This class gives youth the opportunity to explore, create, problem-solve and most importantly have fun! Every workshop has four different stations like slime, unicorn masks, cup towers, and monster puppets. Splat lab has hundreds of different stations that we mix & match. Kids love it!

Teacher: Splat Lab. Grades: K/1/2. Class fee: \$200.

### **★Toymaking with Koko NYC for Grades PreK & K**

Kids are naturally curious and creative. Toymaking taps into that intuitive imagination to help little ones give form to their ideas. In this introduction to Destroy + Construct, kids begin to experiment with looking at how things work by repurposing toys and pieces of toys to create new ones. Toymaking also lends itself to telling stories and creating environments or context for what the kids create. Based on a theme introduced by the KoKo teaching artist, kids will use recyclables to create a "home" or imaginary land for their inventions. This class is ever-evolving and based on the ideas and interests of the student.

Teacher: Koko NYC. Grades: PreK & K. Class Fee: \$340.

## **Tuesdays - 6 Sessions (begins May 7)**

### **Advanced Scratch Coding for Grades 3 & 4**

Computer coding is where technology and creativity meet. This class will teach computer programming in a fun and easy way. Students will play online games, create their own video games and animate stories. Students will work at their own pace to learn basic coding, problem-solving and logic skills, all while putting their imagination to work. Advanced class is for students with previous coding experience.

Teacher: Michele Lazar & Shenandoah Ferreira. Grades: 3/4. Class fee: \$215.

### **Arabic with Hanaa**

Embark on a captivating journey into the world of Arabic with our interactive and fun-filled beginning Arabic class for kids! Through engaging games, colorful visuals, and simple conversations, children will develop a strong foundation in Arabic letters, sounds, and basic vocabulary, fostering a love for language learning that will last a lifetime. Join us and start your Arabic adventure today!

Teachers: Hanaa Fahmy. Grades: 2/3. Class fee: \$135.

### **Arts & Crafts for Grades K & 1**

Love Art? Love Crafts? Then this is the class for you! In this semester, we will be focusing on fun crafts with a spring/summer theme. Join us as we get creative painting a birdhouse, designing canvas beach bags, making a sand bottle animal and so much more!

Teacher: Josephine Lucci & Monte Hamilton. Grades: K/1. Class fee: \$255.

### **Basketball for Grades 3, 4 & 5**

Students get instructional basketball lessons including dribbling, passing, shooting and defense. The program is structured to teach the basic skill set of playing basketball. The first half of the program will focus on skill work and techniques. The second half of the program will focus on having some fun playing basketball, while learning the correct way to play the game.

Teachers: Juliette Internicola & Delores De Los Santos. Grades: 3/4/5. Class fee: \$215.

### **Bit Bots with Koko NYC for Grades K, 1 & 2**

Bitbots is a world where children get to bring their ideas to life by combining creative building with simple electronics. Each week, your KoKo teaching artist will bring in a new theme or challenge to spark imagination and inventive thought. Then, using primarily recycled materials, students will spend the class building their ideas to create off-the-wall sculptures and inventions. As the class progresses, your teaching artist will introduce simple electronic components such as LED lights and hobby motors to help students bring their creations to life. Through this process, children will learn to build based on brainstorming and creative thought, practice persistence in the face of failure (not all inventions turn out as expected) and exercise problem-solving skills by using unorthodox materials.

Teacher: Koko NYC. Grades: K/1/2. Class Fee: \$265.

### **Book Club for Grades K & 1**

Discover the magic of reading with our after-school book club! Join us in exploring captivating stories, embarking on thrilling adventures, and fostering a lifelong love for books. Teachers: Gilbert Center & Charles "Moose" Mussa. Grades: 3/4/5. Class fee: \$215.

## "Bridge the Gap" Care

For classes with delayed start times – including Kung Fu, Gymnastics, Ninja Parkour, Capoeira, Tennis, Piano and Guitar – we offer “Bridge the Gap” care. Students placed in classes that have a delayed start time (i.e. don't begin right at dismissal) will be automatically accepted in our Carroll Kids "Bridge the Gap" program for no additional cost. "Bridge the Gap" includes arts, crafts & games in the cafeteria. This care is ONLY for the time before a lesson or class. If you need coverage AFTER the class, we offer the option of "LATE" Carroll Kids care for an additional fee.

## Enrichment Class Policies

### Registration Fee

There is an annual non-refundable registration fee of \$25 per family, which covers your child for the entire school year (including camps) or any portion thereof. This is an administrative fee for the Carroll Kids Enrichment and Aftercare Classes to cover the cost of our software program. It does not cover, nor can it be applied to, the program fee. This is a one-time yearly fee per family and covers all enrollments including enrichment classes, music program and aftercare.

### Refund Policy

Please see the third page of this guide for full details.

### Behavior Issues

We reserve the right to expel any student who continually disrupts a class. In this event, we will refund any missed classes in full.

### Outstanding Balance Policy

Accounts with balances in excess of \$200 for more than 90 days will be suspended. This means your child will not be able to enroll in future Enrichment Classes or Aftercare until your account is paid in full.

### Financial Aid

Financial aid is available, and all applications are confidential. Please submit your completed application with required documentation as soon as possible. To apply, please fill out [this form](#).

### Class Minimum & Wait Lists

Classes must reach a minimum of six students to run. The determination about whether the class will run will be made the first week of the session. In the event that a class is canceled due to low enrollment, students may receive a credit toward a spot in a class with space or receive a full refund. If a class fills and goes to a waitlist, students on the waitlist will be registered automatically should a spot become available. You are not obligated to take the spot and a refund will be given if you don't accept the spot. The software system maintains a list of students in the order in which the registration was received. If you don't receive a spot, you will be given priority to register during the next session if the class is offered.

### MakeUp Week

We take a week off at the end of each enrichment session to allow for instructor absences. To ensure that enrichment students have coverage during that last week, an EARLY drop-in aftercare session will be included in the price of the class, if the class isn't scheduled for a makeup that week, to help with childcare needs.
