# Hello to all PS 58 Families!

We are excited to announce the spring enrichment classes! General registration will take place on Monday, March 14 beginning at 10:30am. The registration site is <http://www.ps58brooklyn.org/afterschool/registration/>. Classes begin on Monday, April 25, 2022 and end on Thursday, April 7, a period of 5 to 8 classes, depending on the day of the week.

Carroll Kids is YOUR afterschool program. We are run by the PTA of PS 58, and we try to serve the many needs of our families by providing high-quality enrichment classes and aftercare programming. We serve as many as three-quarters of the school population! Our program also provides recess counselors to help facilitate games and fun for all grades during the school day. This year we also provide additional support as students enter the school in the mornings.

Students enrolled in enrichment classes are dismissed directly from their classrooms to Carroll Kids (which is why it is critical that you update your students' classroom information in Sawyer). All enrichment classes begin with a healthy snack and then students transition to their various classroom spaces throughout the school. Most classes run for 90 minutes ending at 4:10 pm. More detail can be found in the following class descriptions. We do have the option for enrichment class students to also enroll in Carroll Kids "late partial" aftercare session following their class for families that need childcare coverage until last pick-up at 6:30pm. Details on this concurrent program are available on <http://www.ps58brooklyn.org/>; registration for aftercare will take place on Monday, March 21 at 10:30am.

As many of you know, some of our most popular classes fill up in the first minute after registration opens. However, we are offering more than 60 classes this spring so everyone can find a class that fits his/her interests and schedules. Class pricing is based on instructors' fees and the number of times it's offered in a session and then marked up to cover the costs of administration and affording a small grant to the PTA. Please note that Mondays only have five classes this spring so are priced lower than days that offer 8 classes (Wednesdays & Fridays). Many of our classes are taught by PS 58 staff, and these classes are among our most popular as well as affordable. Other classes are taught by outside vendors and can be more expensive but allow us to offer a wider variety of classes. Financial aid is available to eligible families. More details can be found on the website.

Thank you!

# Registration Tips

Afterschool Registration Website: <http://www.ps58brooklyn.org/afterschool/registration/>

1. We use Sawyer for our online registration software. Please make sure to go online in advance of enrichment class registration and create an account for your family. There is an annual per family fee of \$25 which must be paid prior to class registrations.
2. Check your login email and password in advance of the start of registration. Take the time to reset your password if necessary.
3. If you are interested in a class that you think might fill up quickly, put that class in your cart right away! When you add a class to your cart, your spot is held for up to 10 minutes. During that time, no one else can take that spot. However, if you remove it from your cart or if it is removed automatically after 10 minutes, the spot is again opened to anyone who adds it to their cart. Please be sure to purchase before your 10 minute window closes.
4. If a class is full, join the waitlist. Spots may open up. If you don't get a spot this session, you will get priority to register for the next session if the class is offered again.
5. Please check to ensure that your child(ren)'s grade, classroom, medical info and pick up info are correct.

Teacher: FFF Soccer. Grades: 2/3. Class fee: \$355.

### **Gardening**

Get ready to have fun, get dirty and help maintain our PS58 garden. We will plant, tend and harvest vegetables and herbs. We will learn about our pollinator plants and composting . As community scientists we will explore garden wildlife and uncover plant mysteries! During the colder months, we will do experiments, projects and grow plants in our Wall Farm and Grow Lab!

Teacher: Mary Pfeifer & Lili Ann Jankowski. Grades: 2/3. Class fee: \$275.

### **Inventor's Lab: Extraordinary Machines**

Based on knowledge of the six simple machines, students take their tinkering and experimentation to the next level, combining simple machines to build more complex projects. Students are presented with challenges and then work together to design inventions to solve real-life problems. For example, they may combine pulleys, levers and cranks to construct a crane that moves heavy materials with ease. The goal is to inspire inventive thought and make space for kids to think like engineers, testing their ideas to build problem-solving skills and persistence in the face of failure.

Teacher: Koko NYC. Grades: 2/3/4. Class fee: \$420.

### **New Kids Tennis**

New Kids Tennis is a new USTA-sanctioned format that helps children learn and play the game of tennis. To make it easier for them a few things have changed -- the court size, the racquet sizes, the tennis balls, the scoring system and the height of the net. This means that more children will have the opportunity to experience the game, have fun playing with their friends and develop the skills that will become the foundation of their game. COACH Quennie will assign students to classes (either 3:00 to 3:45pm –OR- 3:50 to 4:35pm) according to age and ability with preference given to returning students. Children in the second session may attend aftercare at no additional cost until their class begins.

Teacher: New Kids Tennis. Grades K/1/2/3/4/5. Class fee: \$430.

### **Wizardsing Worlds with Child's Play NY**

Calling all Wizards, Witches and Fantastic Beasts! Join us as we use the "magic" of theater to explore magical realms. Students hone their improvisation and writing skills as they create plays based on enchantment, creatures and epic quests! We'll play games of Quidditch, make spell books, and go to Potions Class. Led by professional actors, they flex their imaginative muscles and learn theater skills that inspire self-confidence and community.

Teacher: Child's Play NY. Grades: K/1/2. Class fee: \$315.

# Bridge the Gap Care

We offer care for classes that have multiple daily sessions, including Tae Kwon Do, Capoeira, Tennis, Piano and Guitar for a very minimal cost. For children who are placed in classes that have a lapsed start time (i.e. don't begin right at dismissal), we will accept them in our Carroll Kids aftercare program with a very minimal cost to families (\$.25 for the full session). This care is ONLY for the time before a lesson or class. Please be sure to opt in to this service when you purchase your class by adding the optional add in "opt in" to your cart when you register for one of these classes. If you need childcare AFTER the class, we offer the option of "Late Partial" care for an additional fee.

## Enrichment Class Policies

### **Registration Fee**

There is an annual non-refundable registration fee of \$25 per family, which covers your child for the entire school year or any portion thereof. This is an administrative fee for the Carroll Kids Enrichment Classes to cover the cost of our software program. It does not cover, nor can it be applied to, the program fee. This is a one-time yearly fee per family and covers all enrollments including enrichment classes, music program and aftercare.

### **Refund Policy**

Please see the third page of this guide for full details.

### **Payment Policy**

Registration will require full payment via Visa, MasterCard, or American Express. Exceptions include full-year classes (Piano and Guitar) for which a payment plan is available when you register online.

### **Outstanding Balance Policy**

Accounts with balances in excess of \$200 for more than 90 days will be suspended. This means your child will not be able to enroll in future Enrichment Classes or Aftercare until your account is paid in full.

### **Financial Aid**

Financial aid is available, and all applications are confidential. Please submit your completed application with required documentation as soon as possible. To apply, please fill out [this form](#).

### **Class Minimum & Wait Lists**

Classes must reach a minimum of six students to run. The determination about whether the class will run will be made the first week of the session. In the event that a class must be canceled due to low enrollment, students may receive a credit toward a spot in a class with space or receive a full refund. If a class fills and goes to a waitlist, students on the waitlist will be registered automatically should a spot become available. You are not obligated to take the spot and a refund will be given if you don't accept the spot. The software system maintains a list of students in the order in which the registration was received. If you don't receive a spot, you will be given priority to register during the next session if the class is offered.
